IPL Hair Removal

Intense Pulsed Light treatment is a method of treating unwanted hair. Unwanted hair may be caused by medical conditions such as hirsutism or hypertrichosis, or you can have the treatment to achieve cosmetic results. The treatment results are not 100% guaranteed for total hair loss but most people achieve a 50% reduction.

Body Faradic & Ultrasonic Cavitation

Both machines are to help improve muscle tone and body contouring. This can also aid in cellulite reduction and weight loss.

Body Faradic works through vibration by placing pads on areas you would like to treat.

1 session lasts for **60** minutes and totals **£60.00**

Ultrasonic Cavitation works with radio waves, sound waves and suction.

Both of the above treatments work better combined with a healthy diet & exercise. 1 session lasts for **30 minutes** and totals **£29.00**

Book in courses of 10 for a price reduction.

Electrolysis

This is a more effective way to remove embarrassing and unwanted hair. Electrolysis is an effective, progressive, permanent method of removing superfluous hair growth. This is achieved by causing controlled tissue destruction at the base of the follicle and will weaken the hairs to inhibit growth.

Cellular Repair

Treatment

60 mins

£45.00

This repairing facial is designed for skin that needs that little bit more. This intensive facial combats the signs of ageing and replenishes dry and especially menopausal skin, bringing back clarity, firmness and hydration.

Crystal Clear

Wide Eyes

30 mins

£35.00

This is a fantastic eye treatment with visible results. The perfect treatment aimed to lift the smooth delicate skin around the eyes and hydrate the fine skin creating a noticeably younger and fresher look.

Specialist Facial With Environ Products

Using only the freshest and most effective forms of vitamin A.C, lactic acid colostrums, this treatment results in the greatest penetration of active molecules through the skin to simulate collagen production, hydrate, reduce pigmentation and scarring and normalise skin cells.

The treatment can be tailored to each individuals specific skin type and condition, this is determined by the unique products chosen for each treatment. It is suitable for all skin types including:

Photo-Damaged Skin (Wrinkles)

Dry Skins

Young Skins

Pigmentation

Scarring

A course of 12 to 24 treatments is recommended once or twice a week.
